張保仔 大張保

# GENERAL INFORMATION

# ABOUT AQUALUNA

aqualuna is believed to be one of the last two traditional handcrafted wooden Chinese junks ever built in Hong Kong. This masterpiece was crafted by a legendary 86-year-old local shipbuilder, who single-handedly created 85% of Hong Kong's wooden boats during his illustrious career.

Famous for its striking red sails, aqualuna offers guests an unforgettable experience as they cruise through the breathtaking Victoria Harbour. Glide past the iconic skyline and towering skyscrapers, and immerse yourself in the enchanting stories of Hong Kong's rich maritime history.

To complete this one-of-a-kind journey, indulge in delectable cocktails and snacks while soaking in the mesmerizing sights and sounds of the city. This is more than just a cruise – it's a celebration of Hong Kong's legendary past and vibrant present.

張保仔應該是香港最後兩艘人手製造的傳統木製中式帆船，由本地的一位86歲已先遊的香港專業造船工匠負責製作，這位造船工匠包攬香港85%木製船隻製造。張保仔以使用傳統紅帆而聞名，賓客可乘坐帆船穿梭於令人心醉的維港景色及兩岸高樓之間，沉浸在香港的傳奇歷史。而此情此景當然少不了雞尾酒及小食助興。
